The Time Machine **chapter 5**

After reading chapter 5, make columns of questions the Time Traveller has about the future. In the next column, record the Time Traveller's answers to these questions. In the third column, list ultimate answers. Read to fill in the chart, adding more questions, hypotheses, and answers on the back of this paper. At the end of each chapter, update the chart.

The Time Traveller's Questions	Time Traveller's Hypotheses	Final Answers	Was the Time Traveller correct?
What are the wells for?			
Why are there no burial places?			
How did the people get such beautiful clothes?			
Why would someone take the Time Machine?			
Why are the figures he sees at night carrying a body?			

Questions for Chapter 5

1. Describe the creature the Time Traveller meets while under cover from the sun. What does it look like? What does it do? Why did Wells capitalize the word "Thing"? (53-54)
2. What, if anything, does Wells seem to be saying about capitalism or class differences? Why did Wells conclude that man could eventually split into species such as the Eloi and the Morlocks?
3. What is the significance of the Sphinx in the novel? What might it represent or symbolize?
4. You come up with two thinking questions and write them on the back of this paper
